

OCEANS 2006/BOSTON ADVISOR ENDORSEMENT

Dear Advisors, Deans and/or Department Heads,

Your student has been selected to participate in the IEEE/MTS OCEANS Student Poster Program to be held in Boston, Massachusetts, September 18-22, 2006. This program is an excellent opportunity for students from around the globe to gather to present their research in a field related to ocean science and technology. In addition to presenting their work, a full-length paper is requested from each student and will be included in the conference proceedings.

This unique program offers participants travel and housing subsidies (up to \$500 for US students and \$1000 for international students), as well as a complimentary conference registration. It is our hope that the student's institution, department or advisor will help offset any differences in travel costs that these students incur above the allotted travel subsidy.

In order to ensure the high quality of our program, the abstracts have been reviewed closely for relevance to our technical program. We ask that you help us to maintain our standards of excellence by endorsing your student's submission to the OCEANS Student Poster Program and verifying their FULL-TIME student status. A guideline for this endorsement is below. We request that this endorsement be printed on *official letterhead*, signed and faxed to:
